

Year 1 Curriculum

This is Me!

Join us as we learn all about ourselves and how wonderful we are! We will consider how things have changed since we were born and why we celebrate our birthday every year. Our 5 senses are going to be very important in our exploration, we will be identifying how they work and help us every day to learn more about the world around us. We will use our 5 senses to look at the season Autumn and what helps us to identify it.

Let's Remember

Join us as we remember special events that have happened in the past. We will look at important (famous) people involved in the celebrations and we will explore how they are celebrated/remembered today in our lives.

I'll Huff and I'll Puff

Have you read the 3 little pigs? Do you know what materials their houses were made from? Join us as we investigate different materials found in the world around us, explore how they are used and identify their simple properties. We will be looking at our local area exploring our homes and the other buildings found within the area.

Let's Explore

Join us as we travel with Paddington from deepest darkest Peru to London the capital city of England. We will be looking at the United Kingdom with a particular focus on London whilst making comparisons to Peru. I wonder if you can help us to identify the weather and seasons and help us choose which clothes Paddington might need to wear.

Animal Kingdom

Join us as we explore the wonderful animal kingdom we live in. We will be looking at different animals from around the world, learning about their habitat, diet and appearance. I wonder what your favourite animal is?

From Field to Fork

Join us as we look at the journey of food, beginning at its roots in a field to it being eaten by us at dinner time! I wonder how many places it visits... I wonder if all food is grown in the same way... what do you think?
