Kestrels' Curriculum Newsletter Spring Term 1

Happy New Year! We are thrilled to welcome your children back for an exciting term in the Kestrels. With a short term ahead, we will be hitting the ground running!

Our next topic in History, titled "**All the World's a Stage,**" will immerse students in the fascinating world of Shakespeare. As part of this, the first homework task is a book review on a Shakespeare play. We encourage you to go through the knowledge organiser with your child to support their understanding and engagement.

The Shakespeare theme will continue into our English lessons, where we will focus on "**A Midsummer Night's Dream.**" Additionally, we have a fantastic drama workshop scheduled in Stratford-upon-Avon on Thursday, 12th February. Please refer to the letter emailed today for more details.

In Maths, we will concentrate on long multiplication and division before moving on to more complex fractions. Thank you for your ongoing support with homework; we appreciate your encouragement of the online resources as well.

Science learning is focused on the properties of materials and we have already kick started our learning investigating magnetism, transparency and hardness.

Should you have any questions or wish to discuss anything, please feel free to drop a note in your child's diary or email the office.

Kind regards,

Miss Herbert
