## Owls' Curriculum Newsletter Autumn 2

Dear Parents and carers, welcome back from what I hope has been a very enjoyable half term break!

As last term, I will be teaching the children throughout the week, assisted by Delta Challenge and Mr Franklin who will also be teaching the children on a Monday during my non-contact time. However, if you have any concerns, please contact me, as your child's class teacher, in the first instance.

This half term we shall be studying World War Two as our topic and if your child has any books, information or special items about this time, it would be greatly appreciated if they could bring them into school to share with the rest of the class. This is a very cross curricular topic to really engage in and inspire the children. The core text for this half term is *Rose Blanche*, a striking and thought-provoking perspective regarding World War Two. In science, we will be working very scientifically in electricity. In Art and DT, we will be looking to produce artwork similar to Abram Games, a very famous British War Artist in World War Two, as well building Anderson and Morrison Shelters.

PE this half term is AFL and Hockey, both on a Monday afternoon which will be taught by Delta Challenge. Your child will need their school PE kit and spare trainers for the session and then can add joggers when the weather gets colder.

In regards to homework, similarly to last half term, the children will be issued with core homework, whether that be a spelling dictation, maths or topic work. Additional challenge homework is readily available including writing challenges and Maths challenges issued by Mr Franklin.

Looking forward to working with you all this half term.

Kind regards, Mr Geary
