

# What A Disaster!

From this half term, project homework will be added to our school topic books (where possible) so please take pride in your work just like you do in school.

## **Must do:**

Investigate and design a new safety idea for a cruise ship to stop them from being damaged like the Titanic.

## **Choose one to do:**

Imagine that you are the Captain of the Titanic leaving port. What can you see out the window? Draw or write your answer.

OR

Write a poem about the journey of the titanic. Can you use rhyming couplets like in our Santa poem?
