

Pupil Premium Strategy Statement – Inkberrow Primary School 2024-2025

Before completing this template, read the Education Endowment Foundation’s guidance on [using your pupil premium funding effectively](#) and DfE’s [using pupil premium guidance](#), which includes the ‘menu of approaches’. It is for school leaders to decide what activity to spend their pupil premium (and recovery premium) on, within the framework set out by the menu.

All schools that receive pupil premium (and recovery premium) are required to use this template to complete and publish a pupil premium statement on their school website by 31 December every academic year.

If you are starting a new pupil premium strategy plan, use this blank template. If you are continuing a strategy plan from last academic year, you may prefer to edit your existing statement.

Before publishing your completed statement, delete the instructions (text in italics) in this template, including this text box.

Part A: Pupil premium strategy plan

Statement of intent

Principles At Inkberrow Primary School:

- We ensure that teaching and learning opportunities meet the needs of all of the pupils.
- We ensure that appropriate provision is made for pupils who belong to vulnerable groups, this includes ensuring that the needs of socially disadvantaged pupils are adequately assessed and addressed
- In making provision for socially disadvantaged pupils, we recognise that not all pupils who receive free school meals will be socially disadvantaged
- We also recognise that not all pupils who are socially disadvantaged are registered or qualify for free school meals. We reserve the right to allocate the Pupil Premium funding to support any pupil or groups of pupils the school has legitimately identified as being socially disadvantaged.
- Pupil premium funding is allocated following a needs analysis, which will identify priority classes, groups or individuals. Limited funding and resources means that not all children receiving free school meals will be in receipt of Pupil Premium interventions at one time.

All our work through the Pupil Premium will be aimed at accelerating progress moving children to at least Age Related Expectations. Pupil Premium resources may also be used to target able children on FSM to achieve a deeper understanding of Year Group expectations.

The school will publish information on how they have used their Pupil Premium Grant to address the issue of 'narrowing the gap', for socially disadvantaged pupils. Training activities for staff to support pupils will be included in the Summer Review of the plan.
